

TO : ALL BUILDING OCCUPANTS

DATE : November 25, 2021

SUBJECT : Guidelines on the Issuance of IATF Resolution No. 148-B and 149

Warmest Greetings!

In compliance with the directives of President Rodrigo Roa Duterte the Inter-Agency Task Force for the Management of Emerging Infectious Diseases (IATF), through Resolutions No. 148-B and No. 149 ordered all establishments and employers in the public and private sector to require their employees who must report on-site to be vaccinated.

IATF approves the following measures to the extent applicable under existing laws, rules, and regulations:

(a) In areas where there are sufficient supplies of COVID-19 vaccines as determined by the National Vaccines Operation Center (NVOC), all establishments and employers in the public and private sector shall require their eligible employees who are tasked to do on-site work to be vaccinated against COVID-19. Eligible employees who remain to be unvaccinated may not be terminated solely by reason thereof. However, they shall be required to undergo RT-PCR tests regularly at their own expense for the purpose of on-site work. Provided that, antigen tests may be resorted to when RT-PCR capacity is insufficient or not immediately available.

(a.1) To clarify the requirement of the regular RT-PCR tests for purposes of on-site work, its frequency shall be construed as that determined by the employer but which should be at least once every two weeks.

(b) Public and private establishments, even if not required by the Guidelines on the Implementation of Alert Levels System for COVID-19 Response in Pilot Areas to accommodate only fully vaccinated individuals, may nonetheless validly refuse entry and/or deny service to individuals who remain to be unvaccinated, or are merely partially vaccinated, despite being eligible for vaccination. Provided that frontline and emergency services shall continue to render assistance to all persons regardless of vaccination status.

(c) In all of the foregoing, only the presentation of a medical clearance issued by a Municipal Health Office, City Health Office, and/or Provincial Health Office or birth certificate, as the case may be, shall serve as sufficient and valid proof of ineligibility for vaccination.

The aforesaid resolution shall take effect on **01 December 2021**. This shall apply to all tenants, employees, visitors, drivers, service providers, and contractors. **Vaccination card** and valid ID shall be presented upon entry, the refusal or failure to present proof of vaccination nor medical clearance (a) (c), shall be denied to enter the building.

It is with great pleasure to highlight that 11th Corporate Center is 100% fully vaccinated. Let's continue to work together in making sure that the COVID-19 positive cases in the country will continue to decrease by getting vaccinated and strictly following the health and safety protocols at all times.

Rest assured that as our valued tenants/occupants, we only have your best interest in mind.
